TRAINING AND FITNESS

Although no mountaineering experience is required on this trip, a good level of physical fitness is necessary. You must be comfortable hiking up to 8 hours a day, with many steep uphill sections, uneven, rocky terrain and in unpredictable weather. This hike is a strenuous one, so the better prepared you are, the more you should enjoy it.

Hillwalking: Everybody is different, so I cannot recommend a specific pre-expedition fitness programme. However please remember the fitter you are the more you will enjoy the trip. We would recommend hiking on a very regular bases and at least 4 big hikes per month in preparation for this expedition, (6-8 hours at a comfortable, steady pace) on consecutive days with an 8kg rucksack.

Remember; getting time on your feet is more important than completing hikes quickly! This is about building stamina and endurance.

In the Gym: Although hillwalking is best, you should also aim to complete at least two high intensity cardio training sessions per week. The type of training is not important you just need to elevate your heart rate go a high level interval style for 45 minutes to an hour. Typical sessions might be running, cycling, swimming, spin classes, circuit training, kettlebells or HIIT classes.

If you have low muscle mass in your legs, we suggest that you add strength training to your schedule. Developing muscle mass will protect your joints and this is very important especially on long descents.

If you have any old injuries, weak joints, soft tissue injuries or any other issues which affect your mobility we suggest you address these issues now. It goes without saying that if you are experiencing discomfort or pain during short training sessions the problem has the potential to become more serious when exercising for long durations on continuous days. Please visit your physiotherapist in an effort to address the issue and strengthen the weakened area.

Remember; it doesn't matter what kind of training you do – find something that you enjoy and you will stick with it!

ACCOMMODATION NOTES

- Mountain village accommodation 2 night
- Mountain refuge 1 nights

The style of accommodation indicated in the day-to-day itinerary is a guideline only and may change. On some occasions, alternative arrangements may need to be made due to the lack of availability of rooms in our preferred accommodation. In these cases, we will use a similar standard of accommodation.

Throughout the trip, we request that our properties prepare rooms in time for our arrival, especially if we're arriving prior to normal check-in time. however, this isn't always possible which means we wont be able to check-in immediately on arrival at some hotels. Instead, we can store our luggage and explore our new destination on our trips or have the use of a shared day room until all rooms are available.

We've sourced our accommodation very carefully and picked the best possible hotels in line with the Jason black mountaineering style of travel, but please note that service and accommodation in Morocco may be different to western standards.

Accommodation on this trip is on a share basis. Please note there may be times where facilities will be shared rather than en suite even if you paid for single room supplement.

Accommodation in base camp is simple but clean and atmospheric. you will be sharing a room with fellow trekkers and bedding is similar to a large bunk bed platforms, however, it is spacious and comfortable. Dining rooms and other facilities are also shared with other climbers.

Mountain huts on this trip have very limited heating options as this would be a major financial and environmental strain. It maybe also a case of energy supply and timing provisions, which is limited in some places. Please be prepared for cold nights and cold showers.

FOOD AND DIETARY REQUIREMENTS

While travelling with us you'll experience the vast array of wonderful food available in the world. Our expedition guide will be able to suggest restaurants to try during your trip. We encourage our teams to eat together to enable you to taste a larger variety of dishes and enjoy each others company. If you have dietary requirements and or food allergies, please let us know prior to departure.

Moroccan food is, generally speaking, excellent though not particularly varied. breakfasts usually consist of bread and ham with coffee or tea. Meals eaten out are reasonably priced - kebab and bread cost only about MAD 70 (€6.50). In main towns, it is possible to and very good French and Moroccan restaurants where a meal and French wine will cost anything from MAD 220 upwards.

Generally, dinner is likely to cost between MAD 80-120 depending on what you drink - so an estimate for food would be about MAD 150-200 a day. Soft drinks are available at very reasonable prices, but generally speaking, alcohol is not widely available in Morocco due for cultural and religious reasons. Still, in some hotels and restaurants, you will be able to purchase beer, wine and spirits, but you will pay foreign prices or more for imported alcohol. Please be aware of local laws, beliefs and traditions, and be very sensitive and respectful while consuming alcohol.

Vegetarians can be catered for but there is a fairly limited choice of vegetarian couscous and tagine or omelettes. This is particularly the case in rural parts of this itinerary. Please note that if you have any special dietary requirements you should inform us prior to the trip. Vegans and those on gluten-free diets may find this region very challenging and may need to supplement meals with their own supplies from supermarkets and markets.

MEALS INCLUDED ON THE TREK

Breakfast - Lunch - Dinner

Due to the remote nature of the accommodation there may be times when special dietary requirements may be very difficult.

May be best just to bring something you really love to bridge the nutritional gaps.

HYGIENE

Poor personal hygiene resulting in gastroenteritis (Delhi Belly) is the most common cause of illness on expeditions. The good news is that it is easily avoided if you remember to always wash your hands and apply hand sanitiser after going to the toilet and before touching food. Always use water fit for drinking to brush your teeth. While using showers or washing your face, try not to ingest any water. We recommend people eat as healthily as possible and take a multivitamin supplement and probiotics for one month prior to departure and during the expedition. This will help you adjust to changes in your diet and keep you healthy throughout the expedition.

TREKKING AT HIGH ALTITUDES

OVERVIEW

Our treks include strenuous activities at altitudes over 2500m and are suitable only for those in excellent health and fitness. With over 30 years of experience, we maintain a strong safety record. Proper training and preparation is crucial.

ALTITUDE SICKNESS (AMS)

Trekking above 2500m poses a risk of Acute Mountain Sickness (AMS), which can be life-threatening if untreated. Common symptoms include:

- Sleeplessness
- Loss of appetite
- Vivid dreams (2500-3800m)
- Shortness of breath
- Periodic breathing
- Blocked nose, dry cough, mild headache

If you experience nausea, dizziness, or other severe symptoms, inform your group leader immediately. Pre-existing conditions or medications may affect your ability to acclimatize. Consult your doctor before booking and discuss the use of Diamox for Acclimatisation.

SAFETY MEASURES

Our trips adhere to strict altitude safety measures, and our leaders are trained in First Aid. Descent will be arranged if continuing is deemed unsafe. Be aware that some ascents may exceed recommended rates, but our safety protocols ensure acceptable risks.

MEDICAL AND INSURANCE

Ensure your travel insurance covers high altitudes and helicopter evacuation. Carry proof of insurance for verification by your group leader.

WHAT DO I CARRY DAILY ON THE TREK

A 20 litre day pack is perfect to carry daily.

Each day will be a little bit different as to what goes inside it. Water bottles, rain gear, a few spare clothes, gloves and hat, sunscreen, snacks and camera equipment are all usual things to carry. The weight of your day pack should not be more than about 5-6 kgs; as you go higher, the weight will seem heavier and harder to carry. Trekking poles are also useful but you don't need to use them all the time.

Meanwhile your 15kg main duffle bag will be collected each morning outside your lodgings door and carried by the porters.

SAFETY

Many national governments provide a regularly updated advice service on safety issues involved with international travel. We recommend that you check your governments advice for their latest travel information before departure. We strongly recommend the use of a neck wallet or money belt while travelling, for the safe keeping of your passport, air tickets, cash and other valuable items. Leave your valuable jewellery at home – you wont need it while trekking. A lock is recommended for securing your luggage. When on expedition in a group trip, please note that our Jason Black Mountaineering guide has the authority to amend or cancel any part of the trip itinerary if it is deemed necessary due to safety concerns. Our guide will accompany you on all included activities. During your trip you will have some free time to pursue your own interests, relax and take it easy or explore at your leisure. While your guide will assist you with options available in a given location please note that any optional activities you undertake that are not part of your itinerary, we will not take any responsibility about the safety of the activity or the standard of the operators running them. Please use your own good judgment when selecting an activity in your free time. Although the cities visited on the trip are generally safe during the day, there can be risks to wandering throughout any major cities at night. It is our recommendation to stay in small groups and to take taxis to and from restaurants, or during night-time excursions.

GENERAL SAFETY

Check your government's travel advice before departure and ensure your travel insurance covers all destinations and activities. Use a neck wallet or money belt for valuables, and leave jewelry at home. Many hotels offer safety deposit boxes. Secure your luggage with a lock.

GROUP ACTIVITIES

Your group leader will accompany you on included activities, but you'll have free time for personal pursuits. Optional activities are not part of the itinerary, so use good judgment when selecting them. The group leader can amend or cancel parts of the trip for safety reasons.

RULES

Illegal drugs will not be tolerated on any Jason Black Mountaineering trips. Possessing or using drugs not only contravenes the laws of the land but also puts the rest of the group at risk. Smoking Marijuana and opium is a part of local culture in some parts of the world but is not acceptable on our expeditions. Our philosophy in adventure is one of respect towards everyone we encounter, and in particular the local people who make the world the special place it is. The exploitation of prostitutes is completely contrary to this philosophy. Our guides have the right to expel any member of the group if drugs are found in their possession or if they use prostitutes.

PETTY THEFT AND CRIME

Pickpocketing is common, especially in tourist areas. Be cautious at night, avoid walking alone, and don't carry large sums of cash. Use hotel safes for valuables. Bars and restaurants close at midnight. Increased police presence aims to reduce crime in tourist districts. Contact police if affected by crime.

GROUP GUIDE

All group trips are accompanied by one of our Jason black mountaineering group guide(s). The aim of the group guide is to take the hassle out of your travels and to help you have the best trip possible. Jason Black Mountaineering endeavours to provide the services of an experienced group guide however, due to the seasonality of travel, rare situations may arise where your group guide is new to a particular region or training other group guides.

Your group guide will provide information on the places you are travelling through, offer suggestions for things to do and see, recommend great local eating venues and introduce you to our local friends. While not being guides in the traditional sense, you can expect them to have a broad general knowledge of the places visited on the trip, including historical, cultural, religious, and social aspects. At Jason Black Mountaineering we aim to support guides who have specialised knowledge of the regions we visit. If you are interested in delving deeper into the local culture at a specific site or location then your group guide can recommend a local guide service in most of the main destinations of your trip.

GROUP Size (0-10)

We keep our group sizes small to make the experience personal not commercial.

COMMUNITY GUIDELINES

At Jason Black Mountaineering, we uphold a zero-tolerance policy towards violence, harassment (physical, verbal, or sexual), and disrespect towards fellow travelers, team members, or local communities. Group leader decisions are final for the wellbeing of all participants. Any behavior that disrupts the itinerary, breaks local laws, or violates these guidelines may lead to the denial of your booking or removal from the trip. For any concerns during your travels, contact your group leader immediately or email Jason@jasonblack.ie.

TRAVELLING ON A GROUP TRIP

Group trips offer unique pleasures and potential frustrations. Your group will likely be diverse in nationality and age. We ask for patience and understanding towards the varying needs and preferences of your fellow travelers. Timeliness and respect for group dynamics contribute significantly to a positive travel experience. Due to privacy reasons, we cannot provide contact details or personal information about fellow travelers before departure.

SOLO TRAVELLERS

Our travel style is ideal for solo travellers looking to meet like-minded people. Rooming is typically on a twin-share basis, pairing solo travellers with someone of the same gender as indicated on their passport. If your gender identity differs from your passport, please contact us to discuss rooming options. Single supplements are available on most trips for those who prefer their own room with an additional single supplement. Please advise us during booking.

MONEY MATTERS

The currency of Morocco is the dirham MAD (100 MAD is €10).

ATMs are widely available in all major towns and cities. Credit cards are useful for large purchases such as carpets or ceramics from large stores, but generally they are not widely accepted. Please ensure you only use banks, licensed money exchangers, or hotels. We also suggest you keep your receipts. Do not change money with street touts as this is illegal.

Changing money is easy and you will find banks and exchange bureaus in large cities. In the desert and Atlas Mountains opportunities to withdraw or exchange money are limited. When it comes to spending money on the trip, every traveller is a little different.

You know your own spending habits better than we do, so please budget an appropriate amount for things like optional meals, drinks, shopping, optional activities, and laundry. Make sure you have read the itinerary and inclusions thoroughly so you know what is included in the trip price and what you may need to pay for while travelling.

TIPPING

Tipping can be an appropriate way to recognise great service when travelling. While it may not be customary in your home country, it is an entrenched feature of the tourism industry across many of our destinations and is greatly appreciated by the people who take care of you during your travels. It is always best to avoid tipping with coins, very small denomination notes, or dirty and ripped notes, as this can be regarded as an insult rather than the goodwill gesture it is intended to be.

Please note at the end of the hike that you will be required to give €100pp or 1000dm to your guide who will then distribute this to the cooks, porters & drivers.

Of course, you are free to tip more as you see fit, depending on your perception of service and quality of your trip.

Key Tips

- Carry sufficient cash outside main cities.
- Use new, clean currency notes.
- Prepare enough small denomination currency for treks.
- Exchange leftover currency before leaving Marrakesh.
- Budget for optional expenses and have contingency funds.
- Tip appropriately for good service.

ITINERARY DISCLAIMER

While it is our intention to adhere to the route described below, there is a certain amount of flexibility built into the itinerary and on occasion it may be necessary, or desirable to make alterations. The itinerary is brief, as we never know exactly where our Journey will take us. Due to our style of adventure and the regions we visit, adventure can be unpredictable. The expedition document is a general guide to the tour and region and any mention of specific destinations or wildlife is by no means a guarantee that they will be visited or encountered.

CANCELLATIONS

Deposits are non-refundable and cancellation terms vary, please see the specific booking conditions. If Jason Black Mountaineering cancel the trip you will receive a full refund including the deposit payment.

FORCE MAJEURE EVENT – OUTSIDE FORCE

Please note we are not responsible for any incidental expenses that may be incurred as a result of the change of itineraries including but not limited to visas, vaccinations or non-refundable nights. If hailing a taxi on the street, the price should be agreed before entering the vehicle. Please ask your leader or hotel staff for assistance in arranging a taxi.
